

## Job Description

**Job Title:** Apprentice Electrical Engineer  
**Salary:** c. £10,500 per annum  
**Location:** British Motor Museum  
**Responsible to:** New Projects/Engineering Manager

### Job Purpose:

The position will be to assist the Engineers with the maintenance of the building to the highest standards, maintaining electrical & mechanical systems which are also part of a planned maintenance regime. The British Motor Museum must remain legal and compliant at all times which will require accurate record keeping in all areas e.g PAT testing, Fixed wire testing, Legionella Control etc. All of these duties as well as general building maintenance will form part of the apprenticeship training structure as well as on site supervision and on the job training. Further information can be sought from the New Projects and Engineering Manager.

This apprenticeship will involve college attendance.

### Job Role:

- To work within the Site Services/Engineering Department on a flexible basis.
- Work in a fast paced environment with strong attention to detail
- Strong written and verbal communication will be required
- To assist with the planned & reactive maintenance of the building and its technical systems

Working hours; 37 hours per week Monday to Friday with some weekend/out of hours working as required

### Person Specification:

The following skills/qualifications would be advantageous;

G.C.S.E. Maths & English C Grade or above (4-9)

Good communication skills

Smart appearance

Demonstrate a logical and common sense approach to all tasks

Eager to learn new skills

Computer Literate

Awareness of health & safety

Full UK Driving Licence would be an advantage due to the rural location of the British Motor Museum

Fork Lift Truck Licence (Training will be given to the right candidate)

IPAF Licence (Training will be given to the right candidate)

### Applications:

All applications should be made to the New Projects & Engineering Manager. Please send a CV along with a covering letter or email giving full details of your experience and suitability for this position to [enquiries@britishmotormuseum.co.uk](mailto:enquiries@britishmotormuseum.co.uk)

**Closing date:** Sunday 9 December 2018
