Interactive Museum Sessions

The knowledgeable Learning Team members will lead your group on Interactive Museum Sessions, which combine a tour with hands-on activities out in the Museum hall.

Journeys Through Time

KS1, KS2, Curriculum links: History

Discover the rapid development of the first cars and experience Victorian motoring through exciting costumed role play and an interactive tour along the Museum's 'Time Road'.

History of Transport

KS2, Curriculum links: Local History

Meet costumed characters Bertha Benz and Herbert Austin to learn about the global and local history of the motor car and its development through a guided tour of the Museum.

Engineering Apprentices

Upper KS2, KS3, KS4
Curriculum links: STEM

Explore the role of a motorsport pit crew and use your engineering and team skills to race a Jaguar D-type remote control car around our track. This programme can be tailored to suit adult learners.

Hands-on Workshops

Themed workshops led by the Learning Team in purpose-built Learning Spaces that encourage students to take part in active learning.

The Art Bus

EYFS, KS1, Curriculum links: Art, History

Hop aboard the 1923 London bus with the costumed Bus Driver character and discover the work of Enid Marx - full of symmetry, repeating patterns and tessellation. Pupils can then create their own designs to take back to school.

Materials & Movement

EYFS, KS1, Curriculum links: Science

Discover the materials that are used to make cars and how the design of a car affects its movement. Pupils will learn through role play and a LEGO® car building challenge.

Discovering Forces

KS2, Curriculum links: Science

Explore the different forces that act on vehicles and how they affect movement. In teams, pupils will take part in our car design and building challenge using LEGO® bricks.

Ready, Salt, Go!

KS2, KS3, Curriculum links: STEM

How can we power the car of the future? Join the Professor and become scientists for the day in this interactive, narrative immersion activity where pupils will build a car powered by salt and water.

Bespoke Visits

Use our unique collection of classic British vehicles to build a bespoke day to suit your students. Contact us to book a self-led visit or to enhance your trip with an Add on Activity.

Bespoke Museum Tours KS3, KS4, KS5 and adult learners

Develop, consolidate and deepen your students' knowledge with a 45-minute interactive tour of the Museum that can be tailored to your group's academic focus.

We welcome visits from SEND groups and adult learners. Get in touch for more details on prices, access and to discuss how we can support your students' learning.

Add on Activities

Ride in a Classic EYFS, KS1, KS2

Object Handling KS1, KS2

Become a curator for the day!
Learn how to handle museum objects while exploring our exciting motoring collection.

Cut-out Cars EYFS, KS1, KS2

Pupils will design and make their own car from a choice of a Mini, Land Rover or Jaguar.

Maths Challenge & Science Challenge KS1, KS2

Turn over to see how we can help cover coach travel for your school.

We can help cover the cost of your transport to the Museum!

“The travel grant makes our visit from such a distance possible rather than just a dream and allows us to make the very most of the facility you have to offer.”

Grants of up to £300* are available to schools to help with the cost of coach travel to the Museum. Applying for the grant is simple. Just book one of our programmes, let our Bookings Team know that you are interested in the Travel Support Scheme, and we will help with the rest!

* Made possible through the support of Arts Council England. Terms & conditions apply.

Get in touch and book your visit today

Your day at a glance

Most visits take place from 10am to 2pm, but we are happy to flex to suit your group's needs. The maximum capacity for visits is 90 students*, and we will divide that into smaller groups so that your students get the most from their visit.

The visit includes coach parking, greeting on arrival and allocated lunch space. Workshop sessions are held in our purpose-built Learning Spaces and around the Museum and Collections Centre.

*dependent on the programme; we can be flexible with this.

“The whole day was fantastic! There was an incredibly warm welcome followed by a professional, organised and customised timetable. They have perfected learning through fun!” Holy Trinity Catholic School

”

“

“Staff did a brilliant job in organising the day and the volunteers helped to ensure the pupils were entertained during all activities. Sessions were engaging and well pitched to the ages of the pupils.”
